Army Regulation 680-29
*Change 1
Effective 29 April 1996

Personnel Information System

Military Personnel, Organization, and Type of Transaction Codes

Summary. This (write-in) change updates all changes made to data codes used to report and record personnel data via the automated Personnel Information System. It includes data codes necessary to report deployment indicator and assignment eligibility and availability codes as prescribed by the Deputy Chief of Staff for Personnel and enlistment education incentive as mandated by Congress.

Suggested improvements. Users are invited to send comments and suggested improvements on DA Form 2028 (Recommended Changes to Publications and Blank Forms) directly to HQDA (TAPC-FSS-I) 200 Stovall Street, Alexandria, VA 22332-0494.

1. AR 680-29, 1 March 1989, is changed as follows:

Page 1. Title page is amended to add the following paragraph directly before the summary paragraph:

History. This publication was originally printed on 1 March 1989.

This printing publishes change 1.

Page 1. Title page is amended to add the following paragraph directly before the internal control systems statement:

Proponent and exception authority. The proponent of this regulation is the Deputy Chief of Staff for Personnel. The proponent has the authority to approve exceptions to this regulation that are consistent with controlling law and regulation. Proponents may delegate this approval authority, in writing, to a division chief under their supervision within the proponent agency, in the grade of colonel or civilian equivalent.

Add after data code L:

Data code: P
Meaning: Panama
Printed on SIDPERS DA Form 2A, DA Form 2B: Panama

Page 4. Paragraph 1-8 is superseded as follows:

1-8. Code number 4, assignment eligibility and availability (AEA) code

This code applies to enlisted personnel only. It is used to report the person's eligibility and availability for reassignment, as determined per AR 614-200. The data element sources are orders (AR 310-10) or other documents affecting reassignment eligibility and availability. The data codes to be used are listed below and in AR 614-200. The codes are recorded on the SIDPERS database and printed on the SIDPERS DA Form 2A.

a. The data codes will be reported to PERSCOM via the automated PERSINS.

(1) SIDPERS may only input AEA codes A, B, C, G, U, V, W, X, and Z.

(2) AEA codes A, B, C, E, F, G, K, L, M, N, O, P, R, S, T, U, V, W, and X, are forwarded to SIDPERS via the SB transaction from PERSCOM.

(3) AEA codes A and V must have a transaction termination date equal to or less than the transaction date plus 24 months.

(4) AEA codes X and G must have a transaction termination date equal to or less than the transaction date plus 36 months.

(5) AEA codes C and U must have a transaction termination date equal to or less than the transaction date plus 18 months.

(6) AEA code W must have a transaction termination date equal to or less than the transaction date plus 48 months.

b. AEA code Z will be used to remove AEA codes C and G. These codes will be replaced with AEA code L.

Code: A

*This change superseded Interim Change 1, 2 September 1994.

Meaning: Soldiers are permanently ineligible for future assignment due to--

1. An approved retirement or a request for retirement (AR 635-200). The termination date will be the effective date of retirement.

2. Being involuntarily ordered to active duty in individual status or as a member of intact units for 12 months or less. The termination date will be the expiration term of service (ETS) date.

3. Signing a Declination of Continued Service Statement (DCSS) or cannot reenlist or extend to meet the service remaining requirement. The termination date will be the ETS date.

4. Being dropped from the rolls as a deserter.

Code: B
Meaning: Soldiers are being considered for elimination from the service, or their assignment precludes their reassignment for an unspecified time. This code does not have a termination date. Examples are when a soldier is--

1. Being considered for separation or elimination (request for hardship discharge, conscientious objection, or those being considered or investigated for elimination due to unsatisfactory performance or misconduct).

2. Being confined, under investigation or awaiting trial by court-martial or civil courts; or under suspension of favorable personnel action (AR 600-8-2). (This code will not be awarded to soldiers whose suspension will end within 90 days.)

Code: C
Meaning: Soldiers who are temporarily ineligible for reassignment for the following reasons:

1. Medical, convalescence, confinement as a result of conviction by special or general court-martial, and student/trainees (except initial entry training (IET).

2. Enrolled in Track III of the Alcohol and Drug Abuse Prevention & Control Program (ADAPCP) (AR 600-85).

3. Soldiers who cannot meet the following time remaining in service requirements (termination date will be the ETS date):

a. Assigned to an overseas area where an accompanied tour is authorized and will have less than 12 months remaining service upon arrival at their gaining duty station (AR 614-30).

b. Assigned to a dependent-restricted overseas area and will have less than 6 months remaining service upon arrival at their gaining duty station (AR 614-30).

c. Soldiers with a field bar to reenlistment. The termination date will be the date the temporary ineligibility expires, not to exceed 18 months.

Code: E
Meaning: Soldiers who have an approved Voluntary Early Transition (VET) Program, Voluntary Separation Incentive/Special Separation Benefits (VSI/SSB), or early release/retirement application. The termination date equals the approved release date.

Code: F
Meaning: Soldiers who have pending personnel actions, such as early separation requests. There is no termination date.

Code: G
Meaning: Soldiers who are stabilized under "special category" (AR 614-5). The termination date will not exceed 36 months.

Code: K
Meaning: Soldiers who have received their return from deployment (DPLI) transaction. Soldiers who are deployed OCONUS or on designated humanitarian deployments in CONUS as announced by HQDA, for 61 or more continuous days, are not eligible for PCS movement either within CONUS or OCONUS until four months after completion of TDY/TCS. In addition, soldiers who serve 140 or more continuous days TDY/TCS overseas are ineligible for movement to a long/short tour area for 6 months or a dependent restricted area for 12 months, after return to the home station and completion of TDY/TCS.

Code: L
Meaning: Soldiers who are fully eligible for PCS reassignment, subject to normal PCS time on station restrictions. There is no termination date.

Code: M
Meaning: Soldiers who are stabilized by a field produced RETAIN transaction pending a reenlistment or reclassification action. This code will terminate upon completion of the reenlistment/reclassification action.

Code: N
Meaning: Soldiers who have received a DPLI transaction denoting they are currently deployed.

Code: O
Meaning: Soldiers who have received an approved deletion for operational reasons. The termination date will be determined on operational needs up to 12 months.

Code: P
Meaning: Soldiers who have been granted an exception where stabilization would not be otherwise authorized. The termination date will not exceed 48 months.

Code: R
Meaning: Soldiers who are stabilized--COHORT Replacement Package Co. The termination date will be until the end of the unit's life cycle (36 months) or the effective date of reassignment (when the soldier is reassigned locally).

Code: S
Meaning: Soldiers who are being reassigned or deleted from AI due to compassionate reasons. The termination date will be when the compassionate reason no longer exists, or 12 months,
whichever occurs first.

Code: T
Meaning: Soldiers who are performing duties directed by PERSCOM or when they are in a nomination hold status. There is no termination date.

Code: U
Meaning: Soldiers who have enlistment commitments. The termination date will be computed for soldiers enlisted for unit or station of choice from the date soldiers are actually assigned to the unit or station. The termination date will not

exceed 12 months. (Soldiers may terminate their stabilization by signing a waiver to their contract.)

Code: V
Meaning: Soldiers who have received an "individual stabilization" (AR 614-5), other than special category. The termination date will not exceed 24 months.

Code: W
Meaning: Soldiers who have received organization stabilization (AR 614-5). The termination date will not exceed 48 months except for soldiers assigned to the Presidential support activity, the U.S. Army Band, U.S. Army Field Band or the U.S. Military Academy Band.

Code: X
Meaning: *1.* SSG through SGM who are assigned (and stabilized for 36 months) to Army Readiness and Mobilization Regions (ARMR). This includes active component soldiers attached to National Guard or RC units for duty in full-time manning positions.

2. Soldiers who are assigned (and not stabilized for 36 months) to Reserve Officer's Training Corps.

3. Soldiers who are assigned (and stabilized for 36 months) to the U.S. Army Recruiting command in administrative or support positions.

Code: Z
Meaning: When reasons exist to remove AEA codes C and G.

Glossary

Chapter 1
Military Personnel Codes

Section I
General

1–1. Purpose

a. This regulation prescribes the data code structures used to report and record personnel data via the automated Personnel Information System (PERSINS). This regulation complements AR 680–5 by supplying the data elements and code structures used in the record formats prescribed by that regulation.

b. The codes listed in this chapter will be used to report data on military personnel.

1–2. References

Required publications are listed in appendix A.

1–3. Explanation of abbreviations and terms

Abbreviations and special terms used in this regulation are explained in the glossary.

1–4. Explanation of code numbers

a. The data code structures prescribed by this regulation are assigned numbers and are listed by those members (e.g., code number 1, code number 200, etc.). These numbers are assigned to allow simple identification of the specific codes and the kinds of data reported by the codes; these numbers may be used as terms of reference in communications.

b. In this chapter, code numbers 1 through 99 apply to Active Army personnel and to ARNGUS and USAR personnel on active duty. Code Numbers above 99 apply solely to USAR and ARNG personnel not on active duty.

Section II
Codes for Active Army, ARNGUS, and USAR Personnel on Active Duty

1–5. Code number 1, area of current or last complete foreign service tour and travel status

This code applies to enlisted personnel only. It is used to report the geographic location of the person's current or last completed foreign service tour, as defined by AR 614–30. It is also used to report whether the person is or was accompanied or unaccompanied, and has or had dependents.

a. The data element sources are orders (AR 310–10), DA Form 4787 (Reassignment Processing), and item 5 of DA Form 2–1 (Personnel Qualification Record—Part II).

b. The data codes given below will be reported to the ~~US Army Military Personnel Center (MILPERCEN)~~U.S. Total Army Personnel Command (PERSCOM) via the automated PERSINS and are recorded on the Standard Installation/Division Personnel System (SIDPERS) data base.

1–7. Code number 3, last command assignment code

This code applies to enlisted personnel only. It is used to report the major Army command or HQDA staff element to which the person was assigned at the time of immediate reenlistment or separation.

a. The data element source is item 7 of DD Form 214 (Report of Separation from Active Duty) or any other discharge document.

b. The data codes will be reported to ~~MILPERCEN~~PERSCOM via the automated PERSINS and are recorded on the SIDPERS organization master file. The data codes to be used are listed in paragraph 2–4; use only the codes for major Army commands (MACOM) and HQDA staff elements.

1–8. Code number 4, assignment eligibility and availability (AEA) code

This code applies to enlisted personnel only. It is used to report the person's eligibility and availability for reassignment, as determined per AR 614–200. The data element sources are orders (AR 310–10) or other documents affecting reassignment eligibility and availability. The data codes to be used are listed in AR 614–200, chapter 2, section II. The codes are recorded on the SIDPERS data base and printed on the SIDPERS DA Form 2A.

a. The data codes will be reported to ~~MILPERCEN~~PERSCOM via the automated PERSINS.

(1) A specific year/month of AEA termination is needed when reporting AEA codes K, R, T, U, V, X, S, or (for students only) B.

(2) A specific year-month of AEA termination is needed when reporting AEA Code A for a person who is temporarily ineligible for an oversea assignment or who is not eligible for any future assignment or permanently ineligible for future reassignment.

(3) A specific year/month of AEA termination is needed when reporting AEA Code L for soldiers initially arriving at an installation. The termination date will be 1 year from soldier's arrival, otherwise, year/month of AEA termination will not be reported for AEA Code L.

b. The award of AEA codes K and S must be authorized by ~~MILPERCEN~~ PERSCOM; the award will be transmitted to SIDPERS via an SB change notice (AR 680–5). An AEA code of K and S can be posted to the SIDPERS data base, but it will not be transmitted to HQDA. Only HQDA can post or remove the AEA codes K and S to or from the DA data base.

c. The AEA code Z denotes deletion of a previously assigned AEA code and termination date. This code is applicable to oversea commands only.

1–9. Code number 5, American board certification and American board specialty

This code applies to officers only. It is used to record American Board certificates awarded to medical officers. The data element source is ~~DA Form 2–1 (item 11)~~ ORB. The data codes given below will be reported to ~~MILPERCEN~~PERSCOM via the automated PERSINS but are not recorded on the SIDPERS data base.

1–66. Code number 61. Reason for change of expiration term of service (ETS)

This code applies to enlisted personnel only. It is used to report the reason (other than immediate reenlistment) for the ETS change or correction. The data codes listed below are used for SIDPERS input and are automatically converted for ~~MILPERCEN~~PERSCOM input to the types of transactions (sec. II, chap. 4) shown below.

Data code: J
Type of transaction: 3B
Meaning: ETS change/correction resulting from other than immediate reenlistment, extension of Regular Army enlistment, or extension of active duty in USAR or ARNGUS status.

Data code: F
Type of transaction: 3F
Meaning: Extension of active duty in USAR or ARNGUS status by immediate reorder to active duty on the day after separation from active duty.

Data code: G
Type of transaction: 3G
Meaning: Extension of Regular Army enlistment.

Data code: H
Type of transaction: 3H
Meaning: Revocation of ETS change/correction previously reported by code F or G (Revocation of ETS change/correction previously reported by code J is accomplished by another code J input.)

1–67. Code Number 62, record status code

This code applies to officers and enlisted personnel. It is a code that is assigned to each record on the SPF to show whether the record is active or inactive. The data codes listed below are reported to ~~MILPERCEN~~PERSCOM via the automated PERSINS.

Data code: A
Meaning: Active Record—The most recent arrival for this person processed to unit processing code 1(UPC1). If the potential gaining UPC 1 field is not blank, an intradeparture has processed.

Data code: B
Meaning: Intraassigned-Not-Joined—Person is assigned-not-joined and has been previously arrived to UPC 2

Data code: C
Meaning: Interassigned-Not-Joined—Person is assigned-not-joined and has not been previously arrived to UPC 2

Data code: D
Meaning: Active Record Pending Research—Previous record status code (RSC) was "A" and a unit in another SIDPERS Interface Branch (SIB) has reported on arrival.

Data code: E
Meaning: Active Record Pending Research—Previous RSC was "B" and a unit in another SIB has reported an arrival.

Data code: F
Meaning: Active Record Pending Research—Previous RSC was "C" and a unit in another SIB has reported an arrival.

Notes

1. The name as used by the DA Name/SSN Central Registry System (DANSCRS) and the SSA for verification is the person's last name not exceeding 6 characters. For example:

Individual's Name	Verification Name
Williams Teresa	WILLIA
McDonald George	MCDONA
Cox Joseph	COX
OH SUNG MIN	OH

2. The year of birth will be considered verified, if it is equal to or within 3 years of the SSA year of birth.

3. A legal name change or name correction will not change the VSSSN from H or I. All other VSSSN codes will change to a code 1 or 2 when the legal name change or name correction affects the control-name. The control-name is defined as the first 6 positions in sequence of surname, first name, middle name or initial. For example:

Individual's name	Control name
WILLIAMS TERESA	WILLIA
McDONALD GEORGE	MCDONA
COX JOSEPH	COX JO
OH SUNG MIN	OH SUN

4. The year of birth may be corrected or records with a VSSSN of H or I, but the VSSSN will not change. A year of birth correction on records with other VSSSN codes will cause the VSSSN to change to code 4.

(Includes female personnel who enlisted on or after 1 February 1978 and before 1 June 1984). Period of active service 33 months or more. (May be required to participate in reserve training.)

Code: L
Total obligation: 8 years
AD or ADT obligation: 33 months or more
Description: Enlisted in the Active Army or USAR on or after 1 June 1984. Period of active service 33 months or more. (May be required to participate in reserve training.)

Code: 9
Total obligation: None
AD or ADT obligation: None
Description: Member of retired reserve.

d. Personnel transferred to the Army Reserve from the National Guard or other service.

Code: N
Total obligation: None
AD or ADT obligation: None
Description: ARNG commissioned officers or warrant officers who are transferred to the USAR for retirement or discharge. (After completion of transfer to retired reserve, change to code "9".)

Code: 4
Total obligation: 6 years
AD or ADT obligation: (note 2)
Description: Enlisted personnel under age 26 enlisted after 9 August 1955 and before 1 June 1984 required to participate in reserve training but served no AD. (Includes persons with service in another component prior to enlistment in ARNG and persons discharged from another component to enlist in USAR.)

Code: Y
Total obligation: 8 years
AD or ADT obligation: (See AR 601–210.)
Description: Persons under age 26 enlisted on or after 1 June 1984 and required to participate in reserve training but served no AD. (Includes persons with service in another component prior to enlistment in ARNG and persons discharged from another component to enlist in USAR.)

Code: A
Total obligation: 6 years
AD or ADT obligation: Less than 33 months (note 3)
Description: Enlisted in USAR or ARNG before 1 June 1984 and sequently enlisted in RA. (May be required to participate in reserve training.)

Code: I
Total obligation: 8 years
AD or ADT obligation: Less than 33 months
Description: Enlisted in USAR or ARNG on or after 1 June 1984 and subsequently enlisted in RA. (May be required to participate in reserve training.)

Code: E
Total obligation: 6 years
AD or ADT obligation: Less than 33 months
Description: Enlisted or inducted into Active Army after 9 August 1955 and before 1 June 1984. (May be required to participate in reserve training.)

Code: J
Total obligation: 8 years
AD or ADT obligation: Less than 33 months
Description: Enlisted in Active Army on or after 1 June 1984.

Code: G

AD or ADT obligation: 33 months or more
Description: Enlisted after 9 August 1955 and before 1 June 1984. (Includes female personnel who enlisted on or after 1 February 1978 and before 1 June 1984). Period of active service 33 months or more. (May be required to participate in reserve training.)

Code: L
Total obligation: 8 years
AD or ADT obligation: 33 months or more
Description: Enlisted on or after 1 June 1984. Period of active service 33 months or more. (May be required to participate in Reserve training.)

Code: 9
Total obligation: None
AD or ADT obligation: None
Description: Member of retired reserve.

Code: P
Total obligation: 6 years
AD or ADT obligation: (See AR 140–111 or AR 601–210.)
Description: Nonprior service persons age 26 through 34 who enlist on or after 10 December 1979 and before 1 June 1984 who may be required to take ADT (PL 96–107).

Code: Q
Total obligation: 8 years
AD or ADT obligation: (See AR 601–210)
Description: Nonprior service persons age 26 through 34 who enlisted on or after 1 June 1984 who may be required to take ADT (PL 96–107).

NOTES:

1. Use term of service code "C" if officer serves on ADT only and DA Form 597 does not reflect a 6 year obligation. (This changes total obligation to 8 years.)
2. Personnel who enlisted prior to 11 August 1963 were required to take 3 to 6 months ADT. Personnel enlisted on and after 11 August 1963 were required to take at least 4 months ADT. Personnel enlisting on or after 7 October 1975 are required to take at least 12 weeks initial active duty training (IADT). Personnel enlisting for the CASP or ROTC/SMP must complete the IADT required under those programs.
3. Term of service code "A" denotes persons initially enlisting in the USAR or ARNG after 9 August 1955 and before 1 June 1984 UP RAF–55, AR 140–111, AR 601–210, or NGR 600–200 who volunteered, were inducted or ordered to AD and completed less than 33 months active military service. This includes those personnel for whom term of service codes "K," "M," or "4" initially applied. Total statutory obligation incurred at time of initial entry into service is not changed by performance of additional periods of active duty.
4. Code denotes number of years for which individual reenlisted.
5. Use code "B" if officer served on ADT and subsequently volunteers and serves on AD and combined total is at least 21 months or use code "F" for military college graduates.

Chapter 2
Military Organization Codes

Section I
General

2–1. Use of the codes
This chapter prescribes the codes used to report data on military organizations. It also prescribes the codes used to identify the senders and receivers of PERSINS ADP records.

2–2. Explanation of code numbers
Code numbers 200 through 249 apply to organizations of the Active Army and to those of the ARNGUS and USAR on active duty. Numbers 250 through 299 apply to organizations of the USAR and ARNGUS not on active duty.

Section II
Codes

2–3. Code number 200, airborne/special forces indicator
This code applies to the SIDPERS organizational master file. It is used to report whether the unit is categorized as airborne or special forces.

Data code: A
Meaning: Airborne unit.

Data code: S
Meaning: Special forces unit

Data code: None
Meaning: Not an airborne or special forces unit.

2–4. Code number 201, command assignment code
This code applies to the SIDPERS organizational master files.

a. It is used to identify the command proponent of a unit's authorization document (MTOE or TDA).

Proponents include—
(1) The Joint Chiefs of Staff (JCS).
(2) The Office of the Secretary of Defense (OSD).
(3) The Office of the Secretary of the Army (OSA).
(4) The Office, Chief of Staff, US Army (OCSA).
(5) Army Staff elements.
(6) MACOMS.
(7) Major Army subcommands.
(8) Field operating agencies.
(9) Staff support agencies.

b. The data codes listed below for Active Army units are prescribed by AR 310–49 and are exchanged with ~~MILPERCEN~~ PERSCOM via the automated PERSINS per AR 680–5. (See AR 623–105, app J, for additional command assignment codes for use on DA Form 67–8 (US Army Officer Evaluation Report).

Data code: 6A
Assigned to: Sixth US Army

2–5. Code number 202, CONUS requisition area/overseas country code

This code applies to the SIDPERS organizational master file. It is used to identify the CONUS or oversea location of the duty position for which an enlisted requisition is prepared under AR 614–200.

a. The data codes for CONUS areas are the same as the codes in paragraph 1–19, except the numeric State codes are not to be used.

b. The data codes for overseas countries are given in appendix A, AR 614–200.

2–6. Code numbers 203, level of organization code

This code applies to the SIDPERS organizational master file. It is used to report the level at which a TOE unit is organized; this is expressed as a percentage comparison of the authorized and required columns of the MTOE as a type B or cadre level. The data codes below are prescribed by AR 310–49.

Data code: 1
Meaning: Required MTOE, or 100%.

Data code: 2
Meaning: Approximately 90% of required MTOE.

Data code: 3
Meaning: Approximately 80% of required MTOE.

Data code: 4
Meaning: Approximately 70% of required MTOE.

Data code: 5
Meaning: Approximately 60% of required MTOE.

Data code: 6
Meaning: Approximately 50% of required MTOE.

Data code: 7
Meaning: Approximately 40% of required MTOE.

Data code: 8
Meaning: Approximately 30% of required MTOE.

Data code: 9
Meaning: Approximately 20% of required MTOE.

Data code: 0
Meaning: Approximately 10% of required MTOE.

Data code: Z
Meaning: Approximately 0% of required MTOE.

Data code: B
Meaning: Type B level.

Data code: C
Meaning: Cadre level.

Data code: E
Meaning: Exception (none of the above codes apply).

2–7. Code number 204, concurrent travel status

This code applies to the SIDPERS organizational master file.

a. When concurrent travel status of the duty positions differs from that of the unit, the code is also used on the SIDPERS Authorized Strength File. It is used to show whether concurrent travel of dependents is available and authorized for the area in which the unit or position is located.

b. The data codes below are prescribed by AR 55–46 and are reported to MILPERCEN in officer and enlisted requisitions per AR 614–185 and AR 614–200.

Data Code—Long tour: D
Data Code—Short tour: M
Meaning: Concurrent travel—category 1.

Data Code—Long tour: E
Data Code—Short tour: N
Meaning: Concurrent travel—category 2.

Data Code—Long tour: F
Data Code—Short tour: O

Meaning: Concurrent travel not authorized because of nonavailability of quarters within 30 days. Deferred travel is authorized. Estimated forecast of travel of dependents is 31 to 140 days after arrival of the member in oversea command.

Data Code—Long tour: G
Data Code—Short tour: P
Meaning: Concurrent travel not authorized because of nonavailability of quarters. Estimated forecast of delay between availability date or reporting date of sponsor and date of travel of dependents is 140 days or more.

Data Code—Long tour: H
Data Code—Short tour: Q
Meaning: Concurrent travel not available.

Data Code—Long tour: L
Data Code—Short tour: S
Meaning: None of the above code apply.

2–8. Code number 205, mail lag

This code applies to the SIDPERS organizational master file. It is used to report the average number of days needed for originator input documents to reach the SIDPERS Interface Branch.

Data Code 0 through 9
Meaning: Zero through 9 days, as applicable.

2–9. Code number 206, parent unit identifier

This code applies to the SIDPERS organizational master file. It is used to identify the parent unit of a headquarters element or a separate parent unit.

Data code: 0
Meaning: Parent unit but not a reporting unit.

Data code: 1
Meaning: Parent unit and a reporting unit.

Data code: 2
Meaning: Headquarters element and designated a parent unit.

Data code: 3
Meaning: Subunit, nonheadquarters elements.

Data code: 4
Meaning: Split element designated parent unit.

2–10. Code number 207, PERSINS processing activity (PPA)

This code is used to identify the sender and receiver of PERSINS ADP records; it is used to facilitate AUTODIN transmission, data processing, and PERSINS performance evaluation. PERSINS ADP record formats have a 2-position data field for PPA; however, when PPA is a 1-position code (*a* below), it will be right-justified to the data field and the other position will be blank.

a. The following PPAs identify the ~~MILPERGEN~~PERSCOM and USAREUR site for the data exchanges prescribed by AR 680–5. (Other ADP Elements that exchange data with the ~~MILPERGEN~~PERSCOM are also identified by PPA even though not subject to AR 680–5.)

Data code: 0
Assigned to: ~~MILPERGEN~~PERSCOM, Alexandria, VA 22332.

Data code: 1
Assigned to: HQ, USAREUR

Data code: 3
Assigned to: US Army Western Command, HI (TAPER)

Data code: B
Assigned to: Fort Bragg, NC (TAPER)

Data code: H
Assigned to: Fort Hood, TX (TAPER)

Data code: K
Assigned to: ~~MILPERGEN~~PERSCOM (DAPC–PSD) enlisted accession data control.

Data code: KK
Assigned to: US Army Recruiting Command, Fort Sheridan, IL. (This code is an exception to the practice of assigning 2-position PPA to SIDPERS activities only).

Data code: L
Assigned to: US Army Forces Command, Fort McPherson, GA.

Data code: M
Assigned to: Reserved for ~~MILPERGEN~~ PERSCOM use in conjunction with SIDPERS conversion.

Data code: N
Assigned to: National Guard Bureau.

Data code: O
Assigned to: US Army Reserve Components Personnel and Administration Center, St. Louis, MO.

Data code: P
Assigned to: US Army Training and Doctrine Command, Fort Monroe, VA.

Data code: Q
Assigned to: US Army Enlisted Records and Evaluation Center, Fort Benjamin Harrison, IN.

Data code: R
Assigned to: US Army Training Center, Fort Eustis, VA

Data code: U
Assigned to: US Army Finance and Accounting Center, Fort Banjamin Harrison, IN.

Data code: V
Assigned to: Deserter Information Point, Fort Benjamin Harrison, IN.

Data code: 8
Assigned to: 8th Personnel Command (TAPER)

Data code: 9
Assigned to: US Army Management Systems Support Agency, Washington, DC.

b. The following PPA codes identify the SIDPERS activities Army-wide that are subject to AR 680–5. The codes which include "(Reserved for contingency only)" identify SIDPERS activities that are not currently operational or planned; this allows for the mobility of Army divisions and personnel service companies.

(1) When needed, ~~MILPERGEN~~PERSCOM will direct the activation of a SIDPERS activity code; the activation will be reported through the Unit Identification System (JCS Pub. 6).

(2) SIDPERS servicing and satellization is based on AR 5–9 and the physical location of person's personnel records.

2–11. Code number 208, record type

This code applies to the SIDPERS organizational master file. It is used to identify the type of record as described below.

Data code: A
Meaning: Active unit.

Data code: B
Meaning: Planned activation/organization.

Data code: C
Meaning: Planned inactivation.

Data code: D
Meaning: Planned intact unit gain.

Data code: E
Meaning: Planned intact unit loss.

Data code: F
Meaning: Planned split element gain.

Data code: T
Meaning: Temporary unit; Active Army Locator (AALOC) data not in the Unit Identification System (UIS).

Data code: X
Meaning: Inactive or dead organizational master record.

2–12. Code number 209, replacement activity indicator

This code applies to the SIDPERS organizational master file. It is used to show whether the unit may serve as a replacement activity.

Data code: F
Meaning: Unit is a replacement activity

Data code: None
Meaning: Unit is not a replacement activity.

2–13. Code number 210, organization classification

This code applies to the SIDPERS Active Army Locator File and the SIDPERS organizational master file. It is used to show whether the unit has a security classification.

Data code: C
Meaning: Unit is CONFIDENTIAL.

Data code: S
Meaning: Unit is SECRET.

Data code: U
Meaning: Unit is UNCLASSIFIED.

2–14. Code number 211, organization component

This code applies to the SIDPERS Active Army Locator File and SIDPERS organizational master file. It is used to report the service component of the unit. The data codes to be used are paragraph 1–75, Code Number 70.

2–15. Code number 212, unit status code

This code applies to the SIDPERS Active Army locator file and SIDPERS organizational master file. It is used in the automated PERSINS, the force accounting system, and the unit identification system to associate the 6-character UIC of an Active Army unit with a specific category of personnel; this is done to satisfy programing; budgeting, and strength accounting requirements.

Data code: CF
Meaning: Civil functions other than defined by code CW.

Data code: CO
Meaning: Continental United States (CONUS) operating. Organizations located within CONUS which are authorized and assigned to the Department of Defense (DOD), Army Staff, or major Army commands (MACOMs) for performance of missions (excludes US Strategic Army Forces and reimbursable activities).

Data code: CW
Meaning: Corps of Engineers, civil works.

Data code: C1
Meaning: US Strategic Army Forces, authorized level of organization 1.

Data code: C2
Meaning: US Strategic Army Forces, authorized level of organization 2.

Data code: C3
Meaning: US Strategic Army Forces, authorized level of organization 3.

Data code: CE
Meaning: US Strategic Army Forces, authorized level of organization E (exception unit).

Data code: D1
Meaning: US Strategic Army Forces, deploying unit.

Data code: DP
Meaning: Patients. Personnel assigned to a medical holding unit as patients.

Data code: EN
Meaning: En route. Intact unit that has departed from an oversea or CONUS command and for which strength accountability is still chargeable to the losing command.

Data code: ES
Meaning: Personnel entering military service. Enlisted personnel who have been enlisted, reenlisted, inducted, or ordered to active duty; who are assigned to MEPS; and who are retained at the MEPS for administrative reasons, medical reasons, etc., or at a reception station and personnel control facilities while awaiting reassignment to a training, processing, or duty station.

Data code: FA
Meaning: Foreign activities, other than reimbursable activities. Army units or activities that are assigned to DOD, HQDA agencies, or MACOMs, and are required to perform permanent or recurring duty outside CONUS.

Data code: FP
Meaning: Active Army patients in a foreign country, as directed by special authority (AR 40–3).

Data code: FS
Meaning: Foreign students. Active Army personnel assigned to student detachments and attending foreign military schools (staff college, war college, etc.).

Data code: GR
Meaning: Reserve Components, statutory tour officer augmentation.

Data code: GS
Meaning: Special Reserve Components. Active duty project tour personnel.

Data code: JF
Meaning: Joint task force. Army organizations authorized and assigned to joint task force commands consisting of more than one service of DOD.

Data code: NF
Meaning: Foreign military sales, nonreimbursables.

Data code: NP
Meaning: Military assistance program, nonreimbursables.

Data code: NX
Meaning: Outside DOD, nonreimbursables.

Data code: PC
Meaning: Personnel returned to military control and assigned to personnel control facilities (PCF) for processing at MILPERCEN only.

Data code: PR
Meaning: Active Army prisoners. Prisoners assigned to correctional training facilities or correctional holding detachments at installation confinement facilities or the US Disciplinary Barracks.

Data code: PS
Meaning: Separatees. Personnel assigned to a transfer station or transfer point which has been authorized as a nonpermanent party unit for the sole purpose of separating personnel from the Active Army.

Data code: RE
Meaning: Replacements.

a. Personnel assigned to an oversea replacement station while awaiting shipment or en route to an oversea command.

b. Officers who, at time of order to active duty, are assigned to an Active Army accession detachment for reassignment to an interim or duty station.

Data code: RF
Meaning: Foreign military sales, reimbursables.

Data code: RO
Meaning: Inside DOD, reimbursables other than Foreign Military Sales and Military Assistance Program.

Data code: RP
Meaning: Military Assistance Program, reimbursables.

Data code: RR
Meaning: Returnees for reassignment.

a. Personnel assigned to a returnee-reassignment station while awaiting reassignment.

b. Personnel assigned to a transient activity (replacement battalion, detachment, etc.) which has been authorized as an oversea nonpermanent party unit for the sole purpose of processing and further reassigning of personnel to units outside the country.

Data code: RX
Meaning: Outside DOD, reimbursables.

Data code: ST
Meaning: Students.

a. Personnel assigned to or attending military and civilian schools, or special courses conducted by industrial concerns, for instruction of 5 months or longer.

b. Officer accessions undergoing initial entry training.

c. Enlisted personnel undergoing MOS training regardless of duration of the course of instruction. Normally these personnel are other than new accessions in training and have a skill digit other than "0" (zero) in PMOS.

d. For MOS 09W (WO Flight Training), service member currently in service.

Data code: TH
Meaning: Oversea troops. Organizations authorized and assigned to oversea commands for performance of OCONUS missions.

Data code: TN
Meaning: Transients. Trained personnel who have departed a unit en route to a new unit of assignment. Transient status is terminated on physical arrival or reporting date, whichever occurs first. *This code is for HQDA use only.*

Data code: TR
Meaning: Active Army trainees.

a. Enlisted personnel undergoing initial entry training in Army training centers or similar training organizations. Includes nonprior service accessions, prior service accessions, regaining refresher training, stripe for skill, and follow-on training where skill digit in the person's PMOS and DMOS is "0" (Zero). For MOS 09W (WO Flight Training) service member enlisted under table H–12, AR 601–210.

b. Enlisted personnel undergoing on-the-job training for initial MOS qualification in an Active Army unit.

2–16. Code number 213, unit assignment priority

This code applies to SIDPERS organizational master file. It is used to show a unit's priority for receiving replacement personnel compared to other units under the same command.

Data code: 1
Meaning: First priority.

Data code: 2
Meaning: Second priority.

Data code: 3
Meaning: Third priority.

2–17. Code number 214, organization status code (OESTS)

This code applies to SIDPERS Active Army locator file. It is used to show the unit's current status in the Unit Identification System (JCS Pub 6).

Data code: A
Meaning: An active organization of the Regular Army.

Data code: B
Meaning: An organization that is programed for activation of establishment in the Regular Army.

Data code: C
Meaning: A Regular Army discontinued TDA organization.

Data code: E
Meaning: An active Regular Army organization that is programed for inactivation or discontinuance.

Data code: G
Meaning: A mobilized (called to active Federal service) organization of the Army National Guard.

Data code: H
Meaning: A Regular Army organization with a dual mission, each mission supported by a separate TAADS document.

Data code: I
Meaning: A Regular Army inactivated TOE organization.

Data code: M
Meaning: A planned mobilization TDA organization.

Data code: N
Meaning: An active organization of the Army National Guard.

Data code: Q
Meaning: An active organization of the Army National Guard that is programed for inactivation or discontinuance.

Data code: R
Meaning: An active organization of the US Army Reserve.

Data code: S
Meaning: An active organization of the US Army Reserve that is programed for inactivation or discontinuance.

Data code: U
Meaning: An organization that is programed for activation or establishment in the Army National Guard.

Data code: V
Meaning: A mobilized (called to active Federal service) organization of the US Army Reserve.

Data code: Y
Meaning: An organization that is programed for activation or establishment in the US Army Reserve.

Data code: Z
Meaning: A Regular Army parent or suborganization, active at zero strength (no military of civilian strength authorized).

2–18. Code number 250, assignments

This code is used to report the assignment major command of USAR organizations not on active duty.

Data code: 1R
Meaning: First US Army.

Data code: 5R
Meaning: Fifth US Army.

Data code: 6R
Meaning: Sixth US Army.

Data code: 9R
Meaning: US Army Reserve Components Personnel and Administration Center.

Data code: ER
Meaning: US Army, Europe.

Data code: FR
Meaning: Eighth US Army.

2–19. Code number 251, functional category

This code is used to report the functional categories of Reserve Components units of ARNG and USAR.

Data code: 1
Meaning: NIKE HERCULES (Onsite Air Defense).

Data code: 2
Meaning: Units to reinforce Active Army.

Data code: 4
Meaning: Brigades.

Data code: 5
Meaning: Mobilization base and training units.

Data code: 6
Meaning: Division forces.

Data code: 8
Meaning: Support to other services.

Data code: C
Meaning: ARNG State HQ and ARCOM and USAR schools staff and faculty and Selective Service System organization (USAR Augmentation).

Data code: F
Meaning: Special mission brigades.

Data code: G
Meaning: Other special mission forces.

Data code: N
Meaning: Add-on units (NG units only)

2–20. Code number 252, manning level

This code is used to report the manning level of Reserve Component units of the USAR.

Code: A
Designation: TDA at 100 percent.

Code: B
Designation: 100 percent TOE/TDA.

Data code: C
Designation: 93 percent TOE/TDA.

Data code: G
Designation: Level two "G" series at 100 percent.

Data code: H
Designation: Med units authorized 30 percent of TOE/TDA, ANC/AMSC.

Data code: S
Designation: Reduced str (col 8) of TOE at 100 percent.

Data code: T
Designation: Reduced str (col 8) of TOE at 93 percent.

Data code: V
Designation: Type B units (col 10) of TOE at 100 percent.

Data code: Z
Designation: Cadre str units (col 9) of TOE at 100 percent.

2–21. Code number 253, organization class—Army Reserve units and control groups not on active duty

This code is used to identify the organizational structure of USAR units and control groups not on active duty.

a. Ready Reserve.

Code: T
Designation: TOE Unit.*

Code: T1
Designation: TOE Unit Affiliated.*

Code: D
Designation: TDA Unit.*

Code: D1
Designation: TDA Unit Affiliated.*

Code: DS
Designation: TDA USAR School Unit.*

Code: MD
Designation: USAR Control Groups (Mobilization Designation—HQDA or Command).

Code: VS
Designation: USAR School Student Detachments (Reinforcement).

Code: VT
Designation: Reinforcements Training Units—TOE.

Code: VD
Designation: Reinforcement Training Units—TDA.

Code: VG
Designation: USAR Control Groups (Reinforcement).

Code: OA
Designation: USAR Control Groups (Annual Training).

Code: OD
Designation: USAR Control Groups (Officer Active Duty Obligor).

Code: OR
Designation: USAR Control Groups (delayed).

*Authorized 48 drills

b. Standby Reserve.

Code: GI
Designation: USAR Control Group (Ineligible).

Code: GG
Designation: USAR Control Groups (Standby).

Code: GR
Designation: USAR Control Groups (Inactive).

Code: GC
Designation: **Rescinded.**

c. Retired Reserve.

Code: HR
Designation: USAR Control Groups (Retired).

Chapter 3
Military Authorization Codes

Section I
General

3–1. Use of the codes

This chapter prescribes the codes used to report data on military authorizations.

a. The authorization documents are Tables of Organization and Equipment (TOE) and Tables of Distribution and Allowances (TDA).

b. All the codes in this chapter are used on the SIDPERS authorized strength file (SASF).

3–2. Explanation of code numbers

Code numbers 300 through 349 identify the codes that are used to report military authorizations.

Section II
Codes

3–3. Code number 300, authorized grade

This code is used to report the grade specified by the TOE or TDA for a position. AR 310–49 prescribes the 2-character data codes used in TOE and TDA. (These are given in the TOE/TDA column below.) These codes are converted to 3-character abbreviations and 1-character data codes for the SASF.

SASF data code: A
SASF abbreviation: GA
TOE/TDE code: GA
Meaning: General of the Army*

SASF data code: A
SASF abbreviation: GEN
TOE/TDE code: GN
Meaning: General.

SASF data code: A
SASF abbreviation: LTG
TOE/TDE code: LG
Meaning: Lieutenant General.

SASF data code: A
SASF abbreviation: MG
TOE/TDE code: MG
Meaning: Major General.*

SASF data code: A
SASF abbreviation: BG
TOE/TDE code: BG
Meaning: Brigadier General.*

SASF data code: B
SASF abbreviation: COL
TOE/TDE code: 06
Meaning: Colonel.

SASF data code: C
SASF abbreviation: LTC
TOE/TDE code: 05
Meaning: Lieutenant Colonel.

SASF data code: D
SASF abbreviation: MAJ
TOE/TDE code: 04
Meaning: Major.

SASF data code: E
SASF abbreviation: CPT
TOE/TDE code: 03
Meaning: Captain.

SASF data code: F
SASF abbreviation: 1LT
TOE/TDE code: 02
Meaning: First Lieutenant.**

SASF data code: U
SASF abbreviation: CW4
TOE/TDE code: WO
Meaning: Chief Warrant Officer, W4.**

SASF data code: 9
SASF abbreviation: SMA
TOE/TDE code: E9
Meaning: Sergeant Major of the Army.

SASF data code: 9
SASF abbreviation: CSM
TOE/TDE code: E9
Meaning: Command Sergeant Major.

SASF data code: R
SASF abbreviation: SGM
TOE/TDE code: E9
Meaning: Sergeant Major.

SASF data code: 8

3–4. Code Number 301, authorized identity

This code is used to identify, by sex and military personnel class, the type of person specified by the TDA for a position. AR 310–9 prescribes the following data codes used in TDA and TOE.

a. Identity codes.

Data code: A
Meaning: Female enlisted member.

Data code: E
Meaning: Male enlisted member.

Data code: I
Meaning: Interchangeable male or female enlisted member.

Data code: K
Meaning: Interchangeable male or female commissioned officer.

Data code: L
Meaning: Female commissioned officer.

Data code: O
Meaning: Male commissioned officer.

Data code: P
Meaning: Interchangeable male or female warrant officer.

Data code: V
Meaning: Female warrant officer.

Data code: W
Meaning: Male warrant officer.

b. Mobilization identity codes.

Data code: N
Meaning: Female enlisted member.

Data code: M
Meaning: Male enlisted member.

Data code: Q
Meaning: Interchangeable male or female enlisted member.

Data code: F
Meaning: Interchangeable male or female commissioned officer.

Data code: D
Meaning: Female commissioned officer.

Data code: B
Meaning: Male commissioned officer.

Data code: J
Meaning: Interchangeable male or female warrant officer.

Data code: H
Meaning: Female warrant officer.

Data code: G
Meaning: Male warrant officer.

3–5. Code number 302, authorized language identity

This code is used to report the foreign language specified by the TOE or TDA for a position. The data codes to be used are listed in AR 18–12–4 and AR 611–6.

3–6. Code Number 303, level of duty

This code is used to report the type of TOE or TDA position, and the organizational level at which the position is authorized.

a. Type of position.

Data code: A
Meaning: Command position.

Data code: B
Meaning: Staff position.

b. Organizational level.

Data code: 1
Meaning: Company/battery or comparable level.

Data code: 2
Meaning: Battalion level.

Data code: 3
Meaning: Group level.

Data code: 4
Meaning: Brigade level.

Data code: 5
Meaning: Division/installation level.

Data code: 6
Meaning: Army/subcommand level.

Data code: 7
Meaning: Major Army command level.

Data code: 8
Meaning: Joint/combined command level.

Data code: 9
Meaning: HQDA level.

Data code: J
Meaning: Joint Chiefs of Staff level.

Data code: D
Meaning: Department of Defense level.

3–7. Code number 304, position assignment priority

This code is used to report the requisition and assignment priority of a TOE or TDA position in relation to other positions within the organization.

Data code: 1
Meaning: Priority 1

Data code: 2
Meaning: Priority 2

Data code: 3
Meaning: Priority 3

3–8. Code number 305, position status code

This code is used to report the status of a TOE or TDA position per the description below.

Data code: A
Meaning: Active position record.

Data code: G
Meaning: Position contained in Authorization Document with future effective date.

Data code: L
Meaning: Position record to be deleted from the SASF at a future date.

Data code: R
Meaning: Authorized position record to which, for various reasons, no person is to be assigned, or for which no requisition is to be submitted.

Data code: T
Meaning: Position contained on the SASF which is not present on the VTAADS/ITAADS Personnel Authorization File (PAF). Scheduled for deletion within 30 days of executing SIDPERS/VTAADS Interface.

Data code: U
Meaning: Position is reserved for a person who has a combat arms unit of choice enlistment/reenlistment commitment.

3–9. Code number 306, security clearance required (position personnel security requirement)

This code is used to report the minimum security clearance the incumbent of a TOE or TDA position needs.

a. Personnel security investigation required. The type of personnel security investigation which is needed for a specific duty position.

Data code: A
Meaning: Special background investigation (SBI).

Data code: B
Meaning: Background investigation.

Data code*: C
Meaning: National agency check with inquiries (NACI).

Data code*: D
Meaning: National agency check plus 10 years continuous active duty.

Data code: E
Meaning: National agency check (NAC)

Data code: F
Meaning: Entrance national agency check (ENTNAC).

Data code: Y
Meaning: None.

NOTE:

1. Codes denoted by an asterik (*) *will not be used* for military personnel requisitions.
2. Requirements for NAC and ENTNAC are interchangeable.

b. Position personnel security status. The highest level of personnel security eligibility (for access to classified defense information) required for a specific duty position).

Data code: A
Meaning: Top secret with sensitive compartmented information.

Data code*: B
Meaning: Top secret with interim access to sensitive compartmented information.

Data code*: C
Meaning: Interim top secret with interim access to sensitive compartmented information.

Data code: D
Meaning: Top secret.

Data code*: E
Meaning: Interim top secret.

Data code: F
Meaning: Secret.

Data code*: G
Meaning: Interim secret.

Data code: H
Meaning: Confidential.

Data code*: J
Meaning: Interim confidential.

Data code*: K
Meaning: Review of dossier by Departmental level central clearance facility required prior to authorizing interim clearance.

Data code*: L
Meaning: Classified data access not granted to date by field commander.

Data code*: M
Meaning: Classified data access suspended.

Data code*: N
Meaning: Classified data eligibility denied by departmental level central clearance facility.

Data code*: P
Meaning: Ineligible for personnel security clearance.

Data code: Y
Meaning: None.

c. A unique personnel security requirement for a specific duty position.

Data code: A
Meaning: Critical personnel reliability program (PRP) Criteria.

Data code: B
Meaning: Five year investigation recency requirement.

Data code: C
Meaning: Five year investigation recency requirement plus 10 years scope.

Data code: D
Meaning: Controlled personnel reliability program (PRP) criteria.

Data code: E
Meaning: Category one presidential support criteria.

Data code: F
Meaning: Category two presidential support criteria.

Data code: N
Meaning: Automatic data processing personnel reliability program (PRP) criteria.

Data code: Q
Meaning: Chemical surety (chemical personnel reliability program) criteria.

Data code: Y
Meaning: None.

3–10. Code number 307, special instructions or qualifications

This code is used to report the special requirements for assignment to a TOE or TDA position. The data codes to be used are prescribed by AR 614–185 and AR 614–200; they are the codes used to prepare requisitions.

Chapter 4

Section II
Terms

Enlisted master file (EMF)
A file that contains the official computer status record of each enlisted person of the Active Army. The record is maintained at HQDA.

Format identification (FID)
FID is a one position code assigned to each input transaction to be processed in the computer. The FID is the means of identifying the type of change desired so the computer can locate and process the change within the automated file.

Major Army command
A command composed of those organized elements designated to operate in a specific geographic area, that are placed under a single commander.

Military personnel office (MILPO)
A MILPO may be a staff element of the organization being served. It may also be a separate unit responsible for storing and maintaining basic military personnel records. The MILPO provides personnel management and personnel action services designed to satisfy the requirement of commanders and the individuals supported.

Military personnel class
Categorization of personnel into commissioned officer (O), warrant officer (W) and enlisted (E) groupings.

Mnemonic code
Abbreviated form of a work that looks like the word being abbreviated, e.g., ARR (arrival), DPRT (departure). This is an instruction code using conventional abbreviation to facilitate ease recognition.

Officer master file (OMF)
OMF contains the official computer status record of each officer in the Active Army. The record is maintained in HQDA.

Originator code
Identifies the organization section, or individual requesting data from or submitting data to SIDPERS. It consists of two characters and is assigned by the SIB.

Personnel information system (PERSINS)
PERSINS is applicable to Active Army organizations that are charged with reporting and processing of data concerning Active Army personnel.

Record status code (RSC)
A general classification assigned to each personnel record in the SIDPERS data base relative to their active or inactive nature.

SIDPERS interface branch (SIB)
SIB is based on the structure of the organization. In accordance with the operating TOE/TDA, the interface element of SIDPERS may be a division, a branch, or an element (satellite unit). SIB consists of three organizational elements; headquarters, input-output (IO) control, and files management. The SIB controls and monitors the SIDPERS operations.

The Army Personnel Roll Up (TAPER)
The automated personnel Roll-up system.

Unit processing code (UPC)
A five character code used to identify active Army units. Each unit in the Army has a single unique UPC.

Vertical/The Army Authorization Document System (VTAADS)
System that provides for automating unit authorizations. SIDPERS will extract organizational structure and personnel authorizations for the system.
